

Welcome the **2010 Nebraska State Fair** visitors at your business with our...

Window Display Contest

To participate, return this form by **July 30** to:

**Nebraska State Fair
Window Display Contest
ATTN: Chelsey Jungck
PO Box 1387
Grand Island, NE 68802-1387**

Business Name: _____

Physical Address: _____

Mailing Address: _____

Contact Name: _____

Phone: _____ Email: _____

To participate in the contest, please select your entry type:

- We will do a painted window(s) display.
- We will set up a 3D window(s) display.
- We want to participate but will need an outside group to do our window (fee will apply).
Circle your choice: Painted or 3D Display?
- We want to participate but instead of doing a painted window or 3D display that will be judged, we will post pictures colored by area children and do our own judging (fee will apply).

Window displays being judged must meet the following criteria:

1. Include the words "Nebraska State Fair."
2. Include the dates the fair runs, which are August 27-September 6.
3. Include the words "It's a Grand Affair" and incorporate appropriate images of a fair.

Each window display will be judged on originality/creativity, use of space, use of theme, and overall impression. Scoring will be done using a scale of 1-10 (10 being highest) in each judging category. Scores from each category will be combined. Outside groups will be available to assist with creating displays but the organizing committee is stressing the "do it yourself" option.

The five businesses with the highest scores in each entry type (painted window and 3D window display) will be publicized at the fairgrounds, as well as on the State Fair website. The top three will receive ribbons to display at their business.

Judging will take place August 20. Displays need to stay in place thru September 9.
Clean up is preferred by September 12.

For Judges Only:

Please score each business in all categories on a scale of 1-10 (10 being highest).

<u>Category</u>	<u>Score</u>	Judge: _____ Comments: _____
Originality/Creativity	_____	_____
Use of Space	_____	_____
