### VOLUNTEER HIGHLIGHT

#### SPENSER JOHNSON

- **How many years have you volunteered for the NSF?**

I began volunteering in 2021, this will be my fourth year!

- **What is your favorite volunteer position?**

My favorite position is the Information Kiosks. Here, I learn so much about the fair by answering visitor's questions.

- **Why do you volunteer?**

By volunteering I am able to see new & familiar faces of friends, enjoy the fair and give back to the state I love!

- **What is the best fair food?**

The almighty and classic footlong corndog with mustard. Coming in second is the Nut Sundae on a Stick.

- **What are you most excited about for the 2024 State Fair?**

I'm excited for all the new fair additions such as the Jumping Pillow, the drone show and the "World of Wonders"!
